

## **TEN STEPS FOR RESOLVING CONFLICT**

All couples have differences and disagreements. Studies show the amount of disagreements are not related to marital happiness as much as how they are handled. Happy couples do not avoid disagreements; they resolve them while remaining respectful of each other, thereby strengthening their relationship. This Ten Step Model is a simple, but effective way to resolve conflict while avoiding the common and destructive patterns. Use this model with an ongoing issue in your relationship, as well as future issues.
